PROFESSIONAL SUMMARY

Full Stack Developer & Data Analyst with experience building scalable web applications using **React.js, Node.js, Express,** and **MongoDB**. Skilled in **SQL, Python, Power BI,** and **Tableau** to deliver actionable insights, **RESTful APIs**, and responsive dashboards that drive data-driven decisions.

TECHNICAL SKILLS

Frontend: React.js | HTML5 | CSS3 | JavaScript (ES6+) | Bootstrap | Tailwind CSS

Backend: Node.js | Express.js | REST APIs | Python

Database: MongoDB | MySQL | SQL

Tools & Development: Postman | Git | GitHub | Vercel | Netlify | Render | Power BI | Tableau | Excel | Jira

WORK EXPERIENCE

Full Stack Developer Intern

Nov 2025 – Apr 2026

Scale full Technologies | Pune, India

- Developed and deployed full stack web applications using **React.js, Node.js, Express, and MongoDB**, following MVC architecture, with responsive mobile-friendly interfaces built using **Tailwind CSS**.
- Designed and implemented **RESTful APIs** for CRUD operations integrating with MongoDB and MySQL databases, and collaborated with cross-functional teams using **Git/GitHub and Jira** for version control and agile project management.
- Integrated **data visualization components** into web dashboards using **Chart.js and Power BI**, reducing API response time by **30%**.

Data Analyst Intern (Remote)

May 2024 – Nov 2024

Creative Tech Skills Institute | Pune, India

- Managed large raw datasets by removing duplicates, handling missing values, and standardizing data formats using **advanced Excel functions and SQL**.
- Designed dynamic dashboards in **Excel and Tableau** to visualize key performance metrics, providing actionable insights for data-driven decision-making.
- Conducted in-depth analysis on **stock market patterns**, identified trends, and presented findings to the team to support investment strategy development.

PROJECTS

World Dashboard (Full Stack Project)

- Built a full stack **interactive world data dashboard** using **React.js, Node.js/Express, and MongoDB**, providing real-time global statistics for 190+ countries with a fully **responsive Tailwind CSS UI** and search, filter, and sort functionality.
- Integrated **REST APIs and third-party data sources** to fetch and display live country-level data including population, GDP, demographics, and health metrics.
- Developed dynamic, filterable **data visualization components** using **Recharts** — table charts, pie charts, Donut Charts, and Cards.

Task Flow — Full Stack Task Manager

- Built a full-stack **Task Management System** using **React.js, Node.js, Express.js, and MySQL (Sequelize ORM)** with **REST APIs, JWT authentication, and role-based access control**.
- Implemented secure authentication with **bcryptjs, JWT tokens, and Multer** file uploads, with protected routes and **admin/user role** differentiation on frontend and backend.
- Designed a responsive **React.js** dashboard with **Bootstrap**, including **dark/light theme**, paginated tables with **search & filter**, and real-time stats using **Axios and Chart.js**.

EDUCATION AND CERTIFICATIONS

MERN Development | Wisdom Sprouts | 2025

Bachelor of Engineering | Savitribai Phule Pune University | 2023 | CGPA: 7.72
